

THANK YOU!

Dear All,

2018 is drawing to a close and we wanted to take this opportunity, whether you donated funds, volunteered your time, joined an A4D Challenge or helped out in any way, to thank you whole heartedly for your support over the last 12 months.

We have made enormous progress through 2018 and have ambitious plans lined up for 2019.

This year your generosity has enabled us to:

- Increase the number of children on our Clinic Support Programme from 250 to over 340
- Expand operations from 4 to 6 countries
- Hold seven diabetes camps in Thailand, Myanmar and Cambodia
- Kick off our ASPIRE scholarship scheme with two young people sponsored through University
- Organise four weeks of Diabetes management training for five doctors from Myanmar, Cambodia and Laos
- Sponsored 4 new diabetes doctors

A few weeks ago we were in Mandalay, running a camp for over 30 young people with Type 1 Diabetes. To see see the children's smiles and confidence grow over the weekend was fantastic and that evening the A4D team sat around and made a toast to you.

Without your generosity these children would simply not be well enough to face the challenges of tomorrow. You may have not realised it, but you have helped give the greatest gift: HOPE!

We wish you and your loved ones a joyous festive season!
With thanks as ever,

Team A4D
